ESOC 2018

During the ESOC 2018 in Gothenburg, the PRECIOUS had its 4th General Assembly and actively participated with a trial booth in the general exhibition area. It was a pleasure for the PRECIOUS team to meet many of the local investigators of the participating sites personally and to discuss different topics regarding the trial. We hope the PRECIOUS mug made it in one piece to your work desk after the journey home.

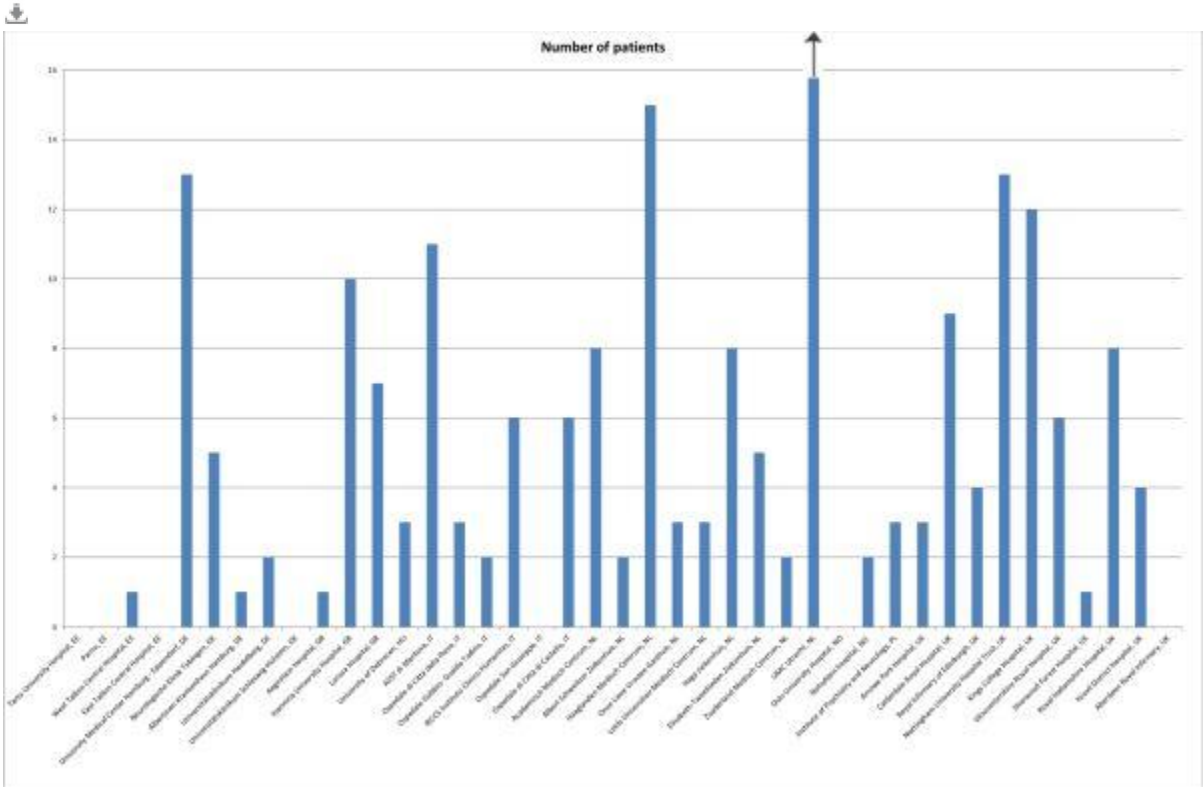

Investigator Meeting Milan

On April 20th PRECIOUS had a very useful national investigator meeting in Milan, Italy. Almost all Italian sites participated in the meeting and several topics about the trial were discussed.

Total number of patients included: 244

PRECIOUS informed consent form

From now on, it is possible for the local investigators in all Dutch centers to download the most recent Informed Consent Form from the general PRECIOUS website (www.precious-trial.eu). In the near future, we will also include the Informed Consent Forms in other languages on the website!
